

Leadership and Understanding the Health Environment – Live Webinar

12 external CPD points

Introduction

This 1-day webinar will be aligned with the GMC Professional Development Capabilities Framework

Today's doctors are increasingly expected to show leadership skills to work successfully with colleagues and patients to achieve positive outcomes. This live webinar, with the e-learning and post-course reflection, is designed to develop SAS Doctors Leadership skills in line with the GMC's Professional Development capabilities framework. Using a combination of group discussion, scenarios and exercises to help delegates understand the NHS and their own working and leadership styles. With the addition of personalised feedback on their reflection from an Educationalist, the delegates will gain a better understanding of themselves to help support their continued Leadership and professional development.

Course Structure

- **5 hour webinar – timings: 10:00am – 12:30 & 2:00pm - 4:30pm**
- **Short e-learning modules to provide additional development and support**
- **Short 500 word post course reflection**

Dates:

- Tuesday 11th January 2022
- Friday 18th February 2022
- Monday 28th March 2022
