The department	RWT
The type of work to expect and learning opportunities	Educational opportunities  An interesting placement in acute Paediatrics, with excellent senior support and a large range of educational opportunities.  Twice weekly departmental educational meeting at lunchtimes. Case presentation every Friday morning - rota for this organised by the Foundation Drs. Alternating Paediatric life support scenario/journal club meeting every Thursday morning.  Paediatric Grand Rounds and Audit presentation afternoons every 2 - 3 months. Dedicated bleep-free F2 teaching every Thursday morning. All Foundation trainees have dedicated simulation sessions.  All episodes are consultant-led and will take place in the newly built Wolverhampton Sim Ward.  Daily ward round, twice daily handover. Ward work, organisation of tests and collation of results. Multidisciplinary liaison. Acute admissions seen in PAU and discussed.
Where the placement is based	Royal Wolverhampton
Supervisor(s) for the placement	Dr A Copeman
Main duties of the placement	
Typical working pattern in this placement	The working pattern will depend on the rota commitment. This may include out of hours. Clarification of this can be sought directly from the Trust.
Employer information	The Royal Wolverhampton NHS Trust is one of the leading acute and community trusts in the region. Employing more than 6,700 staff we provide a comprehensive range of community, acute and specialist services for the people of Wolverhampton, the wider Black Country, South Staffordshire, North Worcestershire and Shropshire. Nationally recognised for providing excellence in healthcare and one of only 7 Trusts in the UK chosen to be a showcase hospital for infection prevention we are justifiably proud of our achievements to date. Patient safety and quality of care are at the top of our agenda. We have achieved NHSLA level 3 for all our services.

It is important to note that this description is a typical example of your placement and may be subject to change.
